Introduction

Peer Support Fife received funding from Awards for All which included the promotion of service user and carer involvement in mental health service planning and provision. In May 2010 the first user carer involvement workshop was facilitated by **Mary O'Hagan**, international consultant and recovered service user. Mary was in the UK prior to attending the **IIMHL** (international initiative for mental health leadership) in Ireland. It was an opportunity to secure the expertise of a mental health activist who had worked since the 1980's in **New Zealand** to influence and change mental health services.

This workshop in October was the 2nd in our series of user carer events with a focus on resources and training for effective involvement. Guest speaker **Graham Morgan** MBE, Highland User Group, was invited to talk about his experience of working with HUG members to "campaign for a better society" and "joining together to speak out". Marja-Liisa Puolakka, **HUG** member, travelled from Skye to join us and tell her story of involvement. Friends from Fife, Dundee, Perth, Falkirk, Glasgow and Dumfries, 26 of us in total, shared our stories of accessing mental health services and ways of being involved to bring improvement and to create a more level playing field.

The 3rd user carer involvement workshop is on **25 November** with guest speaker **Carolyn Little**, UCI Co-ordinator and Chair of Support in Mind (NSF) Scotland, and the event has a focus on acute inpatient care.

Resources to aid effective involvement

Blue Team (Glasgow & Perth)	Green Team (Falkirk)
Co-facilitating talks to nurses, raising awareness of mental health issues & recovery, at the invitation of P&K council – TESC training	Caledonia Clubhouse – 3 employment programs – temp, supported, independent – member led, all decisions by consensus – education programs – social worker/student nurse placements
Frontline staff need to ‘sign up’ to the concept of involvement & participation of service users	Links with High Schools – break down stigma through personal experiences
Voices can be heard through Public Partnership Forum, Patient Focus & Public Involvement	Links with Stirling Uni – giving presentations to student nurses/social workers
Need to ‘sell’ the value of volunteering, giving something back & making a difference	Mental health planning group – user reps Forth valley wide user/carer involvement forum
Proper easily accessible facilities, including premises that are not 2 nd class & office support, admin	Integrated care pathways group – user representatives Service user & carer group – user chairs
Red Team (Dundee)	Government review of mental health services in Forth Valley
Forum meetings, monthly & fortnightly	What resources could we do with having? Involvement in transition from adult to over 65's services; child services end at 16yrs, begin at 18yrs, what happens to 17yr olds? Inventive ways of engaging young adults in services
Access to professionals, workstreams	
Contribute to MH strategy	
Commitment from service users	
Newsletter, Goglemail site, Track record, people (DVA)	Biro-Team (Dumfries & Galloway, Highland, Fife)
Potential – website & IT training; info from other areas eg Perth, HUG; service user training; GP involvement; professionals encouraging involvement - more inclusiveness	Personal relations, building healthy communities, drop in centres – Kaleidoscope – CVS, SCVO User carer involvement, social enterprise/firms, homes, volunteer centres, HUG; peer support national unit, staff training in training, consultation to professional groups & management

Training?

- For staff – initial & ongoing
- Highland Users Group – consultation – stigma – training of staff
- Develop your own voice – around issues of members
- Small voice – larger – common issues
- Ear to the ground
- Welfare reform of spending review – cuts – event
- Love & forgiveness & unity

[at the Mary O'Hagan workshop there was discussion around users and carers setting the agenda for involvement, leading the way – this workshop continued the theme, that it was the workers and professionals who would benefit from training, delivered by service users, survivors and carers]
